

Noelia Lopez Arosa iz Španjolske i Robert Kovalević iz Litve su prije nekoliko dana stigli u Opatiju. Nakon što je Justyna i Guna završile svoju službu i 9 mjeseca boravka u Hrvatskoj, novi volonteri će nastaviti s aktivnostima projekta "[Europski prijatelji za zelene trendove](#)".

Upoznajte novih mladih volontera!

Noelia Lopez Arosa, Cesantes, Španjolska

"I'm Noelia and I'm from Cesantes, a little village in the south of Galicia (Spain). As many people, I like reading, watching films and taking pictures, that's why I studied Media and video postproduction. After working for a while, I decided to do this EVS to work in a multicultural environment and help in such an important cause as it is the protection of the environment."

Robert Kovalević, Vilnius, Litva

“I am Robert and I am a marketing enthusiast from Lithuania who loves making videos. While i am in the video business at the moment, i used to do a lot of different stuff and had a lot of hobbies. One of the - is juggling. Hopefully i will be able to demonstrate that here in Opatija.

I am here in an EVS to really experience what organizations like Žmergo, how they do that and most importantly - why. And hopefully i will be able to transfer some of the knowledge and passion to people in Lithuania.”
